Joshua P. Little

Director of Career and Technical Education
Bay-Arenac ISD
littlej@baisd.net

To the MI ACTE Membership,

My name is Joshua P. Little, and I currently serve as the Director of Career and Technical Education for the Bay-Arenac ISD. I am writing to express my interest in serving on the MI ACTE Board. With over 24 years of experience in education—including 11 years as a CEPD Director and CTE Administrator and nearly 14 years as a general education teacher and building administrator—I bring a well-rounded perspective to supporting both students and educators.

Over the past decade, I have worked diligently to expand CTE programming across our region by building strong partnerships with local and regional businesses. These collaborations have not only enhanced student opportunities but also contributed to the economic sustainability of our communities. I am deeply passionate about the impact Career and Technical Education can have on students' lives and our regional workforce.

I am seeking a position on the MI ACTE Board to stay closely connected with CTE leaders across the state, share best practices, contribute to professional development efforts, and support the mission of MI ACTE through event planning and resource sharing. I believe that serving on the board will allow me to both grow professionally and give back to a field that has given so much to me and the students I serve.

Thank you for your consideration.

Sincerely,

Joshua P. Little
